

NORTHEAST
MISSISSIPPI COMMUNITY COLLEGE

***Improving Access, Affordability, and Student Success
with Open Educational Resources (OER)***

Northeast Mississippi Community College | November 3, 2017

Resource webpage: <http://lumenlearning.com/nemcc>

Workshop Goal: Open Educational Resources (OER) have great potential to improve issues of affordability, access, and student success in education. This workshop explores OER and the Lumen support resources needed to help NEMCC faculty develop courses in a variety of areas. Moving through various sessions, participants will review best practices, participate in hands-on platform and course development work, and explore the support structures and resources offered by Lumen Learning to help NEMCC faculty facilitate and expand their OER efforts.

Sponsors & Facilitators:

- Michelle Baragona**, Vice-President of Instruction
- Jeffrey Powell**, Technology Specialist
- Justin Treloar**, Instructor, Speech
- Elizabeth Schonagen**, Director of Teaching and Learning, Lumen

AGENDA

- | | |
|--------------------|---|
| 8:00-8:30am | Arrival & Light Breakfast- McCoy Hall
<i>Please sign in with your name, email, and course area(s).</i> |
| 8:30 | Welcome & Introductions |
| 8:30-9:45am | The Whys: Improving Student Success with Open Educational Resources (OER)
<i>Purpose:</i> After an interactive overview of open education, OER, and its potential to impact issues of access, affordability, and success, this session will briefly introduce Lumen platforms, strategies, and support services to help NEMCC facilitate the adoption and scaling of high-impact OER. |
| 9:45-10:00 | Break |
| 10:00-11:30 | The Hows: Hands-On OER Development
<i>Purpose:</i> Walkthru and deeper dive into Lumen platforms, content, and courses. Participants will have the opportunity to find, organize, and develop course resources using course maps and the Lumen platform. |

11:30-12:30 **Lunch & Discussion: The Whats: Bright Ideas for OER in the Classroom**
Waller Hall ***Purpose:*** Discussion of ideas on how OER can expand classroom possibilities and change the practice of education, with invite to share from participants teaching in online, hybrid, and face to face settings.

12:30-12:45 **Break**

12:45-1:30 **Working Session / Open Q&A**
McCoy Hall ***Purpose:*** Working session to allow participants further opportunity to do hands-on
Computer course development work with the guidance of a Lumen representative.
Lab

1:30-2:00 **Wrap-Up & Conclusion**
Purpose: Summarize the day, review next steps and support resources, and allow participants to share one thing they learned, one thing that surprised them, and what they will focus on after leaving the workshop.
